

ACADEMIC CURRICULUM VITAE

Johan Fredrik Tell,

PhD (2000), Lic Econ (1997), BA (1994), Linköping University

Born 13 Nov. 1968, Swedish citizen, Married, Two children

CURRENT POSITIONS

Full Professor and Chair, Business Studies, Uppsala University, 2015-

Visiting Professor, Business Administration, Linköping University, 2015-2016

PREVIOUS POSITIONS

Full Professor, Associate Professor and Assistant Professor, Business Administration, Linköping University, 2000-2015

Group Co-Director and Director KITE Research Program, Program funded by Riksbankens Jubileumsfond, 2007-2015, Group leader of three other research groups at Linköping University, 2010-2015

Research Director, Business Administration, Linköping University, 2011-2015

Visiting positions at Stanford University, USA, University of Sussex, UK, London School of Economics, UK, University of New South Wales, Australia, IIASA, Austria

MISCELLANEOUS

Editor, *Industrial and Corporate Change*, Oxford University Press, 2009-

Supervised or co-supervised six PhD students to completion and is currently supervisor or co-supervisor for another five PhD students.

Acted as external examiner or in grading committees at ca. 30 doctoral defenses in Sweden, Australia, Denmark, the Netherlands and the U.K.

Evaluated candidates for academic positions at different degrees of seniority at various Swedish and Danish universities on a dozen of occasions. Assessed research proposals for research councils in Sweden, Belgium, Denmark, Italy, Norway, the Netherlands, and the U.K.

Principal Investigator or co-applicant for granted research proposals amounting to over SEK 50 million (ca. EUR 6 million), primarily from Swedish research councils.

Taught a number of courses in three cycles (Doctoral, Master, Bachelor) in Sweden and abroad.

RESEARCH INTERESTS

Fredrik Tell's research and teaching concerns the implications of innovation and knowledge integration for firm strategies, competitiveness and organization. His empirical research focuses on high-tech industries in the private sector, for instance Aerospace, Automotive, Electrical Engineering and Telecommunication.
